Senior Planner: (Regular full-time non-exempt 40 hours per week with generous benefits)

Job Summary – Under the direct supervision of the Director, perform a variety of technical and professional community and environmental planning work. This work is distinguished from the Associate Planner by its higher complexity of tasks, higher level of technical and professional skill, and lower degree of supervision received. Analyze and report on various land development proposals, conduct planning studies including redevelopment, environmental, and transportation reports, special projects, code revisions, and related work as assigned. Prepare community, corridor, and long-range plans; write and administer grant applications; and review zoning, subdivision, and other development applications.

Essential Functions: Advise and assist the general public, answering questions relating to City planning functions, development application procedures, the Mesquite Municipal Code, and City of Mesquite Master Plan; Focus on solutions and alternatives to assist customers; May provide work direction and instruction to technical or office support staff, and may assist in instructing less experienced professional staff; Acts as project leader and may supervise subordinate employees; Accept and process applications for specific plan amendments, subdivision maps, use permits, and related zoning/planning and regulation items. Coordinate with development applicants in the progression of their applications; Prepare updates of the Master Plan; redevelopment, transportation, environmental plans, and other plans and the Mesquite Municipal Code, as directed; Interpret, explain and apply provisions of code, applicable laws and regulations, and other policies and standards to internal and external customers; Check site plans, building specifications, construction plans, and subdivisions for conformance to all applicable zoning codes, regulations and ordinances; Write and distribute public hearing notices for various development applications; Write and administer grant applications; Assist with creation, writing, and maintenance of documents and computer databases relating to land development within the City of Mesquite; Compile data for land use and demographic studies and other field investigations as directed; Understand and carry out oral and written instructions related to planning and redevelopment; Use computer and software programs for various technical planning projects and studies; Prepare reports and present information to boards and commissions as needed; Performs the work of lower level employees as required; Be dependable and meet acceptable attendance requirements at all times; Follow all applicable safety rules and regulations; Perform other related duties as assigned, including assisting other functions of the department and city committees: Architectural Review, Code Enforcement, GIS, Historic Preservation, Information Systems, and Redevelopment; Assist customer service functions of Planning & Redevelopment, Building and Capital Projects, and Public Works Departments as needed.

Knowledge/Skills: 1) Theory, principles and practices of community planning, including techniques for the development of various aspects of a master plan, redevelopment plan, environmental plan, and other city plans. 2) Application of land use, physical design, economic, environmental, and/or social concepts to the planning process. 3) Principles of geographic information systems. 4) A working knowledge of zoning ordinances and planning procedures, and structure of council-manager municipality. 5) Site planning, architectural design, terrain constraints, circulation patterns, landscape design, and land use compatibility. 6) Technical writing skills. 7) Microsoft Word, Excel, or similar word processing and spreadsheet programs. 8) Customer service needs and delivery, with an emphasis on problem solving.

Ability: 1) Communicate effectively with the public and staff with tact and diplomacy. 2) Make field investigations and work with the public in a polite, professional, and effective manner. 3) Present concise and accurate written reports. 4) Use desktop GIS tools such as ESRI ArcGIS and Zoning Analyst. 5) Work alone and as part of a team.

License or Certification: Must possess, at the time of employment and continuously throughout employment, a valid Nevada Class "C" driver's license. American Institute of Certified Planners (AICP) certification is preferred.

Education and Experience: Any equivalent combination of training, education and experience which provides the individual with the required knowledge, skills, and abilities to perform the job. A typical way to obtain the required knowledge and abilities would be. 1) Bachelor's Degree in Planning, Public Administration, or closely related field. 2) Four (4) years of experience in planning, including analysis and review of land use and development applications. A Master's Degree in Planning, Public Administration, or closely related field may be substituted for one year of experience.

Salary: \$59,242- \$80,960/Annually

OPEN UNTIL FILLED

Posting Date: Tuesday, March 11, 2008
